While Arron visited me at Arizona State University, we decided we wanted to do something different with our lives. We wanted to try to create something on our own; we wanted to be entrepreneurs. We were 18 years old and we didn’t have much experience or assets, but we had a lot of passion. We kicked around a lot of ideas, and we landed on the idea of smoothies. The plan was to build a mobile smoothie unit and operate it in the summers.

We were gifted an old snowmobile trailer, and we went to work on it. As we erected the frame, Arron noticed that something was off. The frame was not square at all; it was tilted like a rhombus. Our name was born. We called our mobile stand the Smoothie Rhombus, and people started calling us the Rhombus Guys.

We hauled that stand around for the next two summers and had a lot of fun. We also learned a lot of business lessons...usually the hard way. Along the way, we decided it would be smart to add a food product to our business. Pizza was not our first choice. The first food we sold, or tried to, were hot dogs. Needless to say we ate a lot of hot dogs and decided we needed to come up with something else. This is where pizza enters the story.

In 2004, we opened up a new restaurant in Thief River Falls, MN. It was called Café Rhombus and was a definite learning experience. We ventured out from doing just pizza to doing everything. This turned out to not be the best idea. It is very hard to be good at everything, and we weren’t. We credit this store for making us the businessmen we are today. After ups and downs in Thief River, we decided to open up another strictly pizza joint.

In the spring of 2007, we opened up Rhombus Guys in Grand Forks, ND. We got back to doing what we do best, pizza! We ended up closing Café Rhombus in 2008, and it was one of the hardest things we have ever done. But Grand Forks was really taking off and we needed to expand. We expanded our location in 2009. Our pizzas started winning competitions and we were being featured in multiple publications.

Late in the summer of 2011 we opened up another Rhombus Guys location in Fargo, ND. We have been named the best pizza in Fargo every year since. The location has been a great addition, and we couldn’t be prouder for all that it has been able to accomplish. We are located in a cool, old building downtown.

Arron and I cannot say Thank You enough to all of our customers, staff, and family. We feel blessed to be given the opportunity to do what we love, and to do it in such amazing communities. This pretty much brings us up to date with our journey, but we plan to continue to innovate and grow. Where we go next will be up to you Rhombus Nation!!
